REDEFINING INVESTMENT ADVICE

Wednesday, January 23rd

11:30 - 1:00 pm

Pensacola Yacht Club

1897 W. Cypress Street, Pensacola, FL

Traditional investment approaches strive to beat the market by taking advantage of pricing “mistakes” and attempting to predict the future. Too often, this proves costly and futile.

Join us for an exclusive lunch with Weston Wellington, of Dimensional Fund Advisors, as he explains the science behind Dimensional's Nobel-Prize winning research and how it has inspired a more sophisticated approach to investing.
